EXPENSES EXCEED RECEIPTS OF CITY

July a Month of Light Income and Heavy Outlay for Petersburg.

COMMON COUNCIL MEETS

Chamber of Commerce Receives Inquiries as to Farming Lands.

Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., August 3.

According to the reports of the City Treasurer and Auditor, submitted to the Common Council last evening, the cash receipts of the city for the month of July were \$14,496, while the month's expenditures were \$37,250. It was a month of light income and of heavy expense on account of extended public improvements in progress.

Very little business of public interest outside the usual routine and departmental appropriations was transacted. In the face of an adverse report from the Street Committee on the petition of the street sweepers for an increase of 25 cents per day in their wages, the Council voted the increase, necessitating an annual appropriation of \$900. These employees will now get \$1.75 per day.

The Council granted to the Petersburg Grays the use of the upper door of the old Artillery Gunhouse on West Tabb Street for use temporarily as the company's armory. The large hall in the Library Building, for years used as an armory, has soon to be vacated, the property having been recently purchased by the Virginia Railway and Power Company for its own purpose. There is a proposition pending in the Council to convert the present Public High School Building into an armory, as it is contemplated to make the Anderson School Building on Washington Street the High School in future.

Two important resolutions were introduced in the Council by Mr. Mattox last evening, which were referred for consideration and report. One of these resolutions is to inquire into the feasibility of establishing and maintaining a separate city park for colored people, and the other is to inquire into the feasibility of changing the location of the Peabody (colored) High School, now located on Fillmore street. This school is in a very desirable residential section, and it is said the site can be disposed of advantageously.

The resignation of J. G. Quarles as a member of the Council from Fifth Ward was accepted, and C. C. Cashorn was elected in his place. Mr. Quarles becomes a member of the Board of Aldermen on September 1.

R. D. Budd and M. Carter Hall were elected delegates to represent the city in the convention of the American League of Municipalities, which is to meet this month in St. Paul, Minn.

A New Corporation.
Application is to be made to the Corporation Commission this week for a charter for the "E. P. Goodwyn Fire Insurance Company, Inc." with the principal office in Petersburg. The officers to be named are: Joseph W. Seward, president; Dr. H. G. Leigh, vice-president; Secretary and Treasurer, E. P. Goodwyn. The purpose of the company is to conduct a general insurance business. The authorized capital is \$25,000.

Serious Cutting Affair.
Over at her home in Chesterfield county last night, Maggie Simmons, colored, was cut and stabbed by John Parham, also colored. Parham is under arrest, and the woman is to be brought to the hospital. She is badly injured in the abdomen, and her condition is serious. The cause of the trouble may have been jealousy. Parham was beaten by a brother of the woman after the cutting.
